

Wage price index

June quarter 2024 | Economic brief

The wage price index (WPI) measures changes in the hourly price of labour. It reflects changes in awards, enterprise agreements, minimum wage, and individual contracts but does not reflect changes in the composition of the workforce or employee characteristics which may impact the quality and quantity of the work performed.

Territory WPI data are only reported in original terms. Data in this briefing is in original terms unless stated otherwise.
