1 Compares the average of the last four weeks with the average of the corresponding four weeks of the previous month.

2 Compares the average of the last four weeks with the average of the corresponding four weeks of the previous year.

3 Terminal gate prices (TGP) are the published daily spot prices at which fuel can be purchased from the fuel import or refinery terminal and provide an indication of the actual wholesale price of fuel. The largest component of the TGP is the price of crude oil, followed by the Commonwealth Government's fuel excise and goods and services tax.

4 Gross indicative retail differences (GIRD) are equal to the monthly average retail price less the monthly average TGP and are used as a broad indication of gross retail fuel margins.

* AIP does not report on diesel prices for Alice Springs, Katherine and Tennant Creek.
